# From the Executive Director

Hannah Hammond-Hagman

This month is always such a great month of transition for CAC and our programs. We say goodbye to the school year with the end of our after school art classes and our Youth Arts Outreach Program at the Boys & Girls Club and YMCA sites and get ready for all that summer at CAC offers. Soon our classrooms will be filled with our amazing summer camp program—we're already excited to welcome the almost 100 young artists that have registered so far!

Our summer exhibition calendar brings back well loved traditions and new, emerging talent. The Chesterton Woman's Club exhibition is in our galleries this month featuring many local artists and is followed by a solo exhibition of artist Emily Casella this July and August. Casella's exhibit will transform our galleries into a conceptual train station with large scale drawings, ceramic sculptures, video, printed objects, and pigeons. Both shows are not to be missed!

Spend some summer days with us—and summer nights on Third Fridays! Along with other creative businesses in downtown Chesterton, we'll be open late June 16, 4-7 PM, with a special pop-up event to celebrate with the new Chesterton Arts District! CAC is excited to be part of this collaborative bringing special programs and events the evenings of June 16, July 21, and August 18. Stay tuned to our social media channels to learn more about what's happening in the District. As always, we look forward to seeing you soon.

## It was our time to Shine!

**Thank you** to all of our wonderful gala guests, event sponsors, table sponsors, board, staff, and committee members for making Art After Dark so amazing! The event raised over \$23,000 to support our mission! As we continue to champion the arts in the Duneland area, it is great to have your community support. Your tremendous generosity has given us what it takes to truly SHINE.

Farewell!**

Photo: Ellen Rath and Jillian Bridgeman

With the school year coming to an end, we have to say farewell to our phenomenal intern, Ellen Rath. With this being the first year CAC participated in Chesterton High School's internship program, Ellen truly set the bar high! During her time with us, she assisted with exhibitions, prepared countless materials for outreach programming, and helped with ongoing projects. She was such a positive addition to our team and will be dearly missed. She will be going to Purdue University in the fall to study Interior Design. *Best wishes in the future, Ellen! We know you'll do great things.*

## Gloria Rector Scholarship Awarded

Photo: Kendra Ritchie

Each year, Chesterton Art Center gifts a graduating CHS senior pursuing a higher education degree in Visual Arts or Arts Education with a \$1000 scholarship named for Gloria Rector whose work is deeply rooted in the history of Chesterton Art Center. Ms. Rector was an educator, an artist, and a visionary in our local cultural community, and we are thrilled to present this award in her honor to a future creative leader, Kendra Ritchie.

Kendra's beautiful portfolio expresses personal identity, familial ties, and media exploration. She has been an active member of Teen Arts Group since September 2021, so awarding her with this scholarship was especially meaningful to us. She plans to continue her studies at Purdue University, and we can't wait to see all she accomplishes. *Congrats, Kendra!*

# Youth Arts Outreach Program

This week wrapped up our 25-week Youth Arts Outreach Program at Duneland Boys & Girls Club and the Duneland YMCA.

We want to express our gratitude to Boys & Girls Club Director Ron Ranta and Program Director Natalie Birky, YMCA CEO Dave Kasarda and Program Director Becca Colbert, and their wonderful teams who help make this program a success.

This year, nearly 250 students were served as they learned about animals and ecosystems, wrote stories about superheroes, explored worldly foods, and celebrated nature. We're beyond grateful for our exceptional CAC teaching artists Brian Dortmund, Katie Wiley, Emily Casella, and Emily Blossom who made sure students were engaged and excited with every lesson. We're eager to see what we create together next school year!

The Youth Arts Outreach program supports CAC's mission of creating accessible, enriching arts programming for our community. CAC's outreach program, in partnership with Duneland Boys & Girls Club and the YMCA, is generously funded by 1st Source Foundation.

# TAG! Teen Arts Group

This past month, Teen Arts Group (TAG) members continued working on their woven pieces for the public art project in partnership with Chesterton Park. Artists have been putting in countless studio hours to complete this 30-piece woven mural full of care, color, and joy. We're eager to see everything installed later in June!

This month, TAG artists will install the woven mural, enjoy a Ceramics workshop, and begin preparing work for their booth at the Chesterton Art Fair. A busy summer is ahead!

Next TAG Meeting at CAC:  
Wednesday, June 14 - 4:30–6:30 PM

CAC's Teen Arts Group (TAG) is a free monthly program for passionate teen artists interested in pursuing professional arts experiences and strengthening their own visual art practices. TAG members learn from one another as well as professional artists, explore area and Chicago museums and galleries, and work on individual portfolio development. TAG also offers access to various community engagement and exhibition opportunities.

Interested artists can contact [programs@chestertonart.org](mailto:programs@chestertonart.org).

Ages 9-12 @ 8:30-11 AM / Ages 13+ @ 12-2:30 PM / instructed by Emily Casella  
\$140 for non-members and \$126 for current CAC Family Members  
With sculpture as the focus, this camp will force students to 'think outside the box' as they must consider perspective from all angles, accurate scale, and proper construction. Students will explore three-dimensional art forms as they work with paper mache, construct a moveable art piece, and experiment with additional 3D media. Students will view the instructor's exhibition on display in the CAC galleries and grow inspired by the concepts of movement, sculpture, and human forms.
